

# Context is Everything

John 1:1-5

Pastor Richard Kriesh – March 22, 2015

John 1:1 is saying: it is not a word, but the word.

- God created something out of nothing.
- The other side of this argument is that nothing created something out of nothing.
- God is, He is to come, He always has been, He is pre-existent. In Him there is all meaning, and all reason.

Ecclesiastes 3:11

- The whole Bible is His plan to restore mankind to that relationship

Matthew 10:34-39

- There will be a separation between those who have chosen to believe in Jesus and those who have not.
- The greatest problem we face in our nation today is sin.
- Begotten means One of a kind.
- Jesus is Greek for the Hebrew name Joshua, which means God is Savior.

**The Challenge is this:**

- Can you clearly and precisely speak about your faith?
